BRIGHTPATH TECHNOLOGIES

Backend Developer

Design and scale the server-side systems that power our products.

Department:	Engineering	**Location:**	Remote / Hybrid
Employment Type:	Full-Time	**Experience Level:**	3-6 Years

Role Summary

We're seeking a Backend Developer to design, build, and maintain reliable, scalable server-side systems. You'll own services from architecture through deployment, working with a team that values clean APIs, strong data models, and operational excellence.

Key Responsibilities

- Design and implement RESTful/GraphQL APIs and microservices.
- Build and optimize database schemas (relational and NoSQL).
- Ensure system reliability, scalability, and security best practices.
- Write automated tests and participate in CI/CD pipeline maintenance.
- Monitor and troubleshoot production systems, resolving incidents promptly.
- Collaborate with frontend and product teams to define API contracts.
- Document services and contribute to technical design reviews.

Required Qualifications

- 3+ years of backend development experience in Python, Java, Go, or Node.js.
- Strong understanding of relational databases (PostgreSQL/MySQL) and SQL.
- Experience designing and consuming RESTful APIs.
- Familiarity with containerization (Docker) and cloud platforms (AWS/GCP/Azure).
- Solid grasp of data structures, algorithms, and system design fundamentals.

Preferred Qualifications

- Experience with message queues (Kafka, RabbitMQ, SQS).
- Exposure to Kubernetes and infrastructure-as-code (Terraform).
- Knowledge of caching strategies (Redis) and performance tuning.
- Experience with microservices architecture at scale.

Skills Required

• Python	• Java	• Go
• Node.js	• SQL	• PostgreSQL
• MongoDB	• Docker	• Kubernetes
• Git	• AWS/GCP/Azure	• Redis
• Kafka	• REST APIs	• GraphQL
• Linux	• CI/CD	• Terraform

What We Offer

- Competitive salary and equity package.
- Flexible remote/hybrid work arrangement.
- Health, dental, and vision insurance.
- Annual learning and development stipend.
- Generous paid time off.
